

Smudging *of the Bikes*

*An official and Sacred
Native American Smudging
Ceremony for a blessing
and protection of your
motorcycle and its riders*

Performed for the Good of the Community and Mother Earth

Any group, any and all bikes

The "Sacred Smoke Bowl Blessing" is a powerful Native American cleansing technique. It is a ritual to remove negativity. Smoke attaches itself to the negative energy and removes it to another space.

Cleansing and Protection are words traditionally used, but think of it as a shift in energy from any bits of negativity to a more positive, peaceful and protective state.

Authentically developed from ceremonies and prayers of the Lakota and Cherokee Nations.
